The Marin HIV/AIDS Care Council is committed to recruiting members that reflect the HIV/AIDS CARE community it serves, particularly the consumers of Part A and Part B Ryan White-funded services. The Council is seeking new members, people living with HIV or AIDS, and in particular, is seeking women, people of color, youth, and seniors.

The primary responsibilities of Council members include: establishing methods for obtaining input on community needs and priorities; developing a comprehensive plan for HIV health services; determining service category priorities; and making recommendations for the allocation of funds based on the priorities previously identified for Marin Part A funds received through the San Francisco Eligible Metropolitan Area (EMA). The Marin HIV/AIDS Care Council works in collaboration with the San Francisco HIV Health Services Planning Council and all prioritization/allocation decisions are finalized by the San Francisco HIV Health Services Planning Council.

Members of the Council will be required to attend a Council Orientation, as well as attend one Council meeting each month, or more as needed, to meet the goals of the Council. In order to facilitate the participation of persons living with HIV/AIDS, the attendance requirement is flexible for those individuals. In addition, Council members are expected to attend at least one meeting per year of the HIV Health Services Planning Council for the San Francisco EMA, which also includes Marin and San Mateo counties.

Individuals interested in being considered for membership should complete and mail or FAX the attached form to:

Marin HIV/AIDS Care Council 3240 Kerner Boulevard San Rafael, CA 94901 FAX: (415) 473-6002

All application forms will be submitted to the Council for consideration.

For any additional information, contact Nga Le at (415) 473-3037.
