*Projects automatically placed in Tier 1 because they are in their first year of operation, have less than a year of performance data, or are a CoC Priority project (e.g., CES)

**In order to promote system performance by preventing returns to homelessness and promoting housing stability and retention, the Homeless Policy Steering Committee (HPSC) has determined that renewal Permanent Supportive Housing projects with a strong track record of performance, as demonstrated through their APRs and other data, may be prioritized above any new projects that have not demonstrated their ability to better enhance system performance. Performance requirements for this purpose are projects that 1) meet HUD guidelines for Housing First; 2) maintain at least an 80% occupancy rate (unless they do not yet have performance data for a full year of operation, in which case occupancy rate may not yet have achieved 80%) and 3) participate in the Homeless Management Information System.
