Goal 1: Promote an effective, well-coordinated, and comprehensive system of care and support that is responsive to the needs of adults with disabilities, family caregivers, and older persons.

Rationale: A well-coordinated and comprehensive system of support is essential in effectively caring for the client population and addressing their needs. This system must encompass a wide network that includes home- and community-based providers, faith-based entities, families, neighbors and informal groups, philanthropic organizations, the private sector, and public agencies.

The Legislative Task Force will meet six times to advocate for legislation affecting the needs of seniors and re-authorization of the Older Americans Act. Met: July, October, November	7/1/2014 – 6/30/2015		New Continued

Goal 3: Mobilize action at the community level to address the unique needs of its people.

Rationale: Focus groups conducted throughout the PSA demonstrate the richness of the culture and diversity of communities in Marin County. Apart from geographic locations, communities were identified based on group affiliation with members sharing interests, language, culture, sexual identity and orientation, and family caregiving situations. These communities expressed needs that are similar as well as unique from other groups. Communities offer care, resources, and support to its members. These contributions must be coalesced and mobilized into action in order to address needs.
