PUBLIC HEALTH ADVISORY

The potential United States Supreme Court decision overturning *Roe v. Wade* has raised concerns about the future of reproductive rights and services in Marin County. This advisory informs the Marin County healthcare community that there will be no change in access to reproductive health services, including abortion, in Marin County.

The potential Supreme Court ruling would allow states to set their own policies, and California law makers have indicated they will not limit abortion services and are considering changing the state constitution to strengthen Californians' reproductive rights.

Marin County remains committed to protecting the reproductive rights of all residents. We affirm that access to the full range of sexual and reproductive health care is fundamental to our wellbeing as individuals, families, and communities.

RESOURCES

Reproductive health services can be accessed in Marin County through a variety of means. All Marin County primary care providers are equipped to navigate choices available to residents in a non-judgmental, supportive and confidential manner. School-based Wellness Clinics provide prevention resources, guidance, and can link to healthcare providers if needed.

The following options are also available to all residents:

[Planned Parenthood- San Rafael Health Center](#) 415- 459- 4907

Full-scope reproductive and sexual health provider in San Rafael. Additional clinics in San Francisco, Richmond, El Cerrito, and Vallejo.

[All Options Toll-Free Talkline](#) 1-888-493-0092

Supportive, non-judgmental, free counseling to discuss pregnancy, parenting, abortion, adoption, infertility, or pregnancy loss.

[Plan C](#)

Website run by the National Women's Health Network that helps people locate services in their community.

Marin County Public Health will continue to monitor the situation and provide updates to community providers, as needed.
