

ABOUT THE CAMPUS

The Marin Health and Wellness Campus is the home for many of the County's Health and Human Services programs as well as community partners including the Marin Community Clinics, Buckelew, and Community Action Marin.

Created using funds from the Master Settlement Agreement (the historic settlement of a multi-state lawsuit against the tobacco industry), the Campus represents the County's commitment to address Marin's most pressing health needs.

The Marin Health and Wellness Campus is smoke-free, including all parking lots and County easements.
