WHAT IS A PIT COUNT?

- ▶ The Gov't requires a Point-in-Time (PIT) count during the last 10 days of January nationwide every 2 years
- ▶ Each count results in a “snapshot” of the number of sheltered and unsheltered homelessness on a given night
- ▶ Counts are organized to minimize double counting (shelter, street, and movement)
- ▶ Guides are recruited by service providers & trained to help locate unsheltered persons

WHY DO PIT COUNTS MATTER?

PIT Counts help:

- ▶ Increase community understanding of homelessness
- ▶ Retain and improve funding for homeless services and meet federal data reporting requirements
- ▶ Generate valid, accurate data regarding homeless individuals and families
- ▶ Link homeless data collection efforts to strategic, program, and policy planning

DEFINITION OF UNSHELTERED HOMELESSNESS

Individuals and families who lack a fixed, regular, and adequate nighttime residence, including:

Individuals and families with a primary night time residence that is a public or private place not designated for or ordinarily used as a regular sleeping accommodation for human beings

- ▶ HEARTH Act Definition (Category I)

UNSHELTERED STREET COUNT

- ▶ The Street Count is a **visual** count of people residing on the street, in parks/river beds/open spaces, in vehicles, in abandoned/foreclosed buildings, and in make-shift shelters.
- ▶ Street count is planned while people are still in shelters (usually early mornings) or before they start to move around. Areas around shelters are counted first. Timing is important to avoid duplication. The Count is planned for January 29, 2015.
- ▶ We will visually observe and tally. **No interviews or surveys.** Privacy is respected.
- ▶ Homeless guides provide local knowledge and identification skills critical for safety and successful enumeration.

OBSERVATION TALLY SHEET REPORTING

During your route with your guide-volunteer partnership, you will report on a provided tally sheet the following observations seen in your assigned map areas:

- ▶ Individuals (<18 years old, 18-24, >24 years old)
- ▶ Families (<18 years old, 18-24, >24 years old)
- ▶ Tents – actual or estimate of persons
- ▶ Vehicles - actual or estimate of persons
- ▶ Abandoned Buildings - actual or estimate of persons
- ▶ Encampments - actual or estimate of persons
- ▶ Parks - actual or estimate of persons

SAFETY FIRST

- ▶ Be Safe
- ▶ Do NOT approach individuals and ask them if they are homeless. Observe and tally only.
- ▶ Stay with your teammate. Never venture out on your own unless it makes more sense for the guide to check out the situation.
- ▶ Do not take any risks. Be respectful and low impact.
- ▶ Call your Deployment Center Captain if you have a problem – call 911 if you have a true emergency.

PREPARING FOR COUNT DAY

- ▶ Wear comfortable shoes and clothes
- ▶ Dress warmly – wear a jacket/sweatshirt/ raincoat, gloves, hat, etc.
- ▶ Bring a car (if possible). If driving, have gas & paperwork
- ▶ Bring a cell phone
- ▶ Bring a flash light
- ▶ We will go rain or shine so bring an umbrella if it rains
- ▶ Get plenty of rest the night before
