

**Children's Mental Health Strategic Plan
Community Stakeholder Meeting**

April 20, 2015

9am – 11am

20 North San Pedro Road, Mt Tamalpais Room

San Rafael, CA

Marin County Health & Human Services is seeking your input to identify priorities and strategies for our strategic plan at a community meeting. We want your ideas and feedback about the mental health and substance use needs and strategies for the children and their families we serve in Marin County.

There have been preliminary meetings between mental health, substance use, probation, education and community members and we will be sharing that information as well.

If you cannot attend this meeting, you can provide your feedback online at the following web link:
