Agencies Collecting ROIs and VI-SPDATs

People of Marin Profile Built In WIZARD

WHOLE PERSON CARE PROGRAM

People who have completed both a VI-SPDAT & ROI are assessed for both Coordinated Entry and WPC.

Those who meet criteria are enrolled into WPC and are engaged by the WPC case management team.

CASE MANAGEMENT

Clients may enroll into one of three case management programs, depending on their needs. The overall goal for Case Managers is to build a client-centered care plan and provide appropriate support which helps their client succeed in life. This includes helping the client connect to healthcare and any social service benefits they may be eligible for, while keeping in mind other determinants of health: housing, employment, transportation, education and support network.

Housing Case Mgmt Focus on helping the client attain and succeed in housing as a means of improving health. They may receive a supportive housing voucher.
Case Mgr/Client Ratio 17:1

Medical Case Mgmt Focus on helping the client navigate the healthcare system and achieve an improved health status.
Case Mgr/Client Ratio 30:1

Mild-to-Moderate Mental Illness Case Mgmt Focus on helping the client navigate treatment for their mental illness and stay engaged in their treatment plan.
Case Mgr/Client Ratio 30:1

Individuals not enrolled into WPC receive other services to support them in their housing.

HOUSING SUPPORT

Individuals who have completed the VI-SPDAT are added to a community pool. They are prioritized for housing based on their vulnerability.

VI-SPDAT COMPLETED (only if homeless)

ROI Completed

COORDINATED ENTRY

Based on assessments, individuals on the Coordinated Entry list may receive supportive housing vouchers.

HIghlights:

- Special Outreach program for those who won’t engage with “the system”
- 457-Info Callers
- County Jails
- Marin County BHS
- Social Services
