

INTERNSHIP OPPORTUNITY
COMMUNITY MENTAL HEALTH

County of Marin Behavioral Health and Recovery Services

The County of Marin is looking for Masters level Social Work or Psychology students interested in a Community Mental Health internship. Our multidisciplinary teams of Mental Health Practitioners, Psychiatrists, Nurse Practitioners, Nurses, Social and Support Service Workers, Peer Providers, and Family Partners provide diagnostic assessment and treatment for adults who have serious and persistent mental illness.

We work with the underserved and culturally diverse populations of Marin, and ideally would like students who are African American, bilingual/bicultural Spanish-speakers, or bilingual/bicultural Vietnamese-speakers.

Students will have the opportunity to learn about:

1. Assessing and diagnosing adults with serious and persistent mental illness
2. Developing comprehensive treatment plans
3. Working on a multi-disciplinary treatment team
4. Providing field-based services
5. Working with families of adults with serious and persistent mental illness
6. Working with community partners
