FULL SERVICE PARTNERSHIPS	
<p>Full Service Partnerships (FSPs) are intensive, supportive service programs for unserved and underserved adults with serious mental illness and youth with serious emotional disturbance. Rooted in the assertive community treatment and wraparound services models, FSPs use a multidisciplinary team approach to provide comprehensive community-based treatment, rehabilitation, and support for “whatever it takes” to move toward recovery and resilience for target populations. FSPs may provide housing, employment, and other services necessary to help participants and their families achieve identified goals.</p> <p>The California State Department of Mental Health has mandated that at least 51% of each county's Community Services and Supports funding must be used for FSP programs.</p>	
<p><u>CSOC (Children’s System of Care)</u> This program serves 40 youth with serious emotional disturbance who are involved with juvenile justice and/or attend County Community School, a continuation high school. Clinical staff work with trained family partners to meet the mental health, social, and developmental needs of each child or adolescent and their families in a culturally competent manner.</p>	<p>Brian Robinson Supervisor 3230 Kerner San Rafael, 94901 415-473-7462</p>
<p><u>TAY (Transition Age Youth) Program</u> This integrated multi-disciplinary service team program for 20 Transition Age Youth (16- 25) with serious mental illness or serious emotional disturbance provides culturally competent mental health services, intensive case management, housing supports, psychiatric care, substance abuse counseling, employment services and independent living skills. Transition Age Youth who are aging out of children’s mental health services and transitioning to adult services and independent living are linked to necessary services.</p>	<p>Kathy Eagle Supervisor Buckelew Programs 980 Lincoln, Suite 250 San Rafael, 94901 415-460-2167</p>
<p><u>STAR (Support and Treatment After Release) Program</u> This multi-agency, multi-disciplinary team provides culturally competent, community-based services to 40 adults who have serious mental illness and current involvement with the criminal justice system. Operating in conjunction with the STAR mental health court, the team provides comprehensive assessment, individualized client-centered service planning, psychiatric care, intensive case management, therapy and linkages to all needed services and supports. The goals of the program are to promote recovery and self-sufficiency, improve the ability to function independently in the community, reduce incarceration, and reduce hospitalization.</p>	<p>Ziya Dikman Supervisor 250 Bon Air Road Greenbrae, 94904 415-473-2725</p>

<p><u>HOPE (Helping Older People Excel) Program</u> This multi-agency, multi-disciplinary team serves 40 older adults, ages 60 and older, who have serious mental illness, and are isolated and at risk of out of home placement, hospitalization or homelessness. By providing a full range of integrated, culturally competent services including outreach, comprehensive assessment, individualized client-centered service planning, psychiatric care, intensive case management, therapy and linkages to needed services and supports, participants are assisted to better control their illness, reach their personal goals, lead more satisfying lives, and avoid higher, more restrictive levels of care.</p>	Patty Lyons Supervisor 10 N. <p><u>ODYSSEY Program</u> This multi-disciplinary, multi-agency team provides culturally competent intensive, integrated services to 60 adults with serious mental illness who are homeless or at-risk of homelessness. The program provides comprehensive assessment, individualized client-centered service planning, psychiatric care, intensive case management, supported housing and linkages to all needed services and supports in order to assist participants to achieve their individualized goals, as well as to promote recovery and self-sufficiency, improve the ability to function independently in the community, reduce homelessness, reduce incarceration, and reduce hospitalization.</p>	Chris Kughn Supervisor 250 Bon Air Road Greenbrae, 94904 415-473-3240

SYSTEM DEVELOPMENT / OUTREACH & ENGAGEMENT

System Development funds are used to improve core mental health services and supports. Outreach and Engagement funding is used to identify and reach populations unserved or underserved by the mental health system and connect them to services.

Enterprise Resource Center Expansion

This Outreach and Engagement project involved expanding and enhancing Marin’s consumer-operated Enterprise Resource Center by adding consumer positions and establishing a Wellness/Recovery Center in central Marin through enlarging and co-locating the Enterprise Resource Center with housing, employment and clinical services at the new Health & Human Services Health and Wellness Campus. Known for its low-barrier access and welcoming environment, the Enterprise Resource Center plays a key role in Marin’s efforts to outreach to and engage with adults with serious mental illness in the county who are disenfranchised and reluctant to seek help and services. Managed and staffed entirely by mental health consumers, the center promotes a strengths-based, harm-reduction approach and offers participants a one-stop central location to access and receive services such as socialization activities, peer counseling, mentoring, psycho-educational activities, and support groups. The goals of the program are to promote recovery and self-sufficiency, improve the ability to function in the community, increase social supports and reduce isolation.

Southern Marin Service Site

A community-based, culturally competent, easily accessible mental health service site was opened in Southern Marin, an underserved area. Clients and families benefit from easy access to an array of mental health services including individual, family, and group counseling along with support groups, and medication monitoring for seriously mentally ill adults with serious mental illness and youth with serious emotional disturbance.

ASOC (Adult System of Care) Development

This System Development expansion project was designed to expand and enhance supports and services available in Marin’s system of care for adults with serious mental illness and their families by: 1) increasing peer specialist services on the Adult Case Management team; 2) providing outreach and engagement and support services to Hispanics/Latinos; 3) increasing Vietnamese outreach and engagement services; and 4) adding family outreach, engagement and support services to the ASOC at large. The goals of the project are to promote recovery and self-sufficiency, improve the ability to function in the community, reduce isolation, and provide low-barrier access which welcomes unserved clients of Vietnamese and Hispanic/Latino origin.
