MHSA Updates

- FY15-16 Annual Update: Posted today on County website. Google "Marin County MHSA" and it will take you to the appropriate page. It includes FY13-14 outcomes and changes planned for FY15-16. There are not significant PEI program changes planned. There are some budget adjustments to support: reforming of the Triple P program; serving increased number of newly immigrated youth; continuing the Spanish language radio show re health; some re-organizing of the Statewide PEI projects. Details are included in the AU and you can submit comments online or at the public hearing.
- Cultural Competence Trainings: See email Kristen sent a couple of days before the PEI Com mtg.

Gaps:

- Subsidized preschools (CAM) need services on site, like Bahia Vista, Venetia Valley and other schools have. *Somebody could develop a program for interns to provide services. County has been able to get bilingual interns at these rates: \$40,000 for 12 month Full-time Post-Doctoral fellowship. \$18,500 for 12 month predoctoral interns. \$2000 for 10 month 24 hrs/wk masters level interns.*
- Residential Substance Use services for those without MediCal or insurance coverage for those svcs. *Residential services can be found on sliding scale, but not sure if there is Spanish spkg staff.*
- What about for people in the criminal justice system? *There are some services: Marin Treatment Center for adults and Huckleberry Youth Programs for youth.*
