Handouts

NEXT RESOURCE ROUNDTABLE

Kristen will invite case managers (or similar positions) from different parts of the county for PEI Com to ask resource questions of. If we identify specific organizations or sectors we want more information about we will invite to future meetings.

MHSA and MHSUS UPDATES

- MHSA Innovation: The Plan has been approved by the Board of Supervisors and will go to the MHS Oversight and Accountability Commission (State agency that oversees PEI and INN) for approval at end of March. First round of Requests for Proposals (RFPs) should come out in April (Facilitator, Evaluator, organizations working with unserved TAY to participate in Needs Assessment phase). Second round of RFPs should come out after Needs Assessment phase for organizations to implement identified strategies. Plan can be viewed on Marin County MHSUS web page.
- PEI Regulations: There are a series of meetings taking place for counties and the Mental Health Services Oversight and Accountability Commission to discuss the aspects of the new PEI and INN regulations that are of concern. A meeting will take place in Oakland on March 23. People encouraged to attend to show support for the counties' concerns.

PEI COMMITTEE COLLABORATION EVALUATION

We reviewed the results of the 2015 collaboration survey. All areas are improved since 2009. Most stayed about the same as 2014. About 4 went down and 2 went up from 2014:

- Overall: Concerns about the new PEI Regs and some of the political pressures (ie should PEI be more focused on SMI/SED) might have affected peoples responses to the survey
- 13. Collaborate with Others: likely up due to the Resource Roundtables
- 16. MH System of Care: likely down because Beacon is so central to the SOC but not at PEI

Kristen will bring back the original PEI vision and goals for discussion.
