Introduction

Dear Substance Use Services Contracted Providers,

Enclosed please find the Marin County Division of Behavioral Health and Recovery Services’ (BHRS) FY 2017-18 Contractor Manual, which has been developed to serve as a guide to orient you to the Division’s various contract renewal requirements. As this Manual only includes the instructions and forms for the FY 2017-18 contract renewal process, please be sure to visit the Contractor Resources section of our website for fillable templates, links to relevant regulations, standards and policies, and a variety of additional resources related to billing, documentation and reporting. Please also provide this link and relevant information from the Manual to key managers and staff within your organization.

Division staff are in the process of developing a new Drug/Medi-Cal Organized Delivery System (DMC-ODS) Provider Manual, which we are eager to share with you shortly. In the meantime, please continue to contact your Contract Manager or me with any questions or requests for technical assistance.

All FY 2017-18 contract renewal materials—including Exhibits, insurance are required forms—are due to BHRS by August 28, 2017. It is the expectation that the Exhibits will be correct and final, so please ensure that you work with your designated County staff person in advance of the due date to discuss and review Exhibits.

For those of you providing Residential, Outpatient, Case Management and/or Recovery Services in the DMC-ODS, we are developing Master contract agreements, so your contract manager will be outreaching to you to communicate the fee-for-service rates and finalize allocations within the next two weeks.

We appreciate the hard work, collaboration and passion that you and your staff continue to offer the residents of Marin.

Sincerely,

DJ Pierce, OTR/L, MPA
County Alcohol and Drug Administrator

Instructions for Submission of Exhibit A

Develop your work plan according to the guidelines set forth below.

EXHIBIT A – SCOPE OF WORK FOR TREATMENT AND DRUG/MEDI-CAL ORGANIZED DELIVERY SYSTEM (DMC-ODS) PROVIDERS

The Marin County Division of Behavioral Health and Recovery Services has developed a standardized Exhibit A - Scope of Work template for Residential, Withdrawal Management, General Outpatient, Intensive Outpatient, Partial Hospitalization, Case Management and Recovery Services. For a copy of the Exhibit A – Scope of Work, visit: https://www.marinhhs.org/substance-use-services-contractor-resources.

Contractors are required to complete a Supplemental Exhibit A, which includes information related to DMC-ODS provider requirements. One should be completed for each contract. BHRS can provide technical assistance related to any of the requirements.

EXHIBIT A - SCOPE OF WORK FOR NTP AND NON-DMC-ODS PROVIDERS

PLEASE TITLE ALL PAGES OF WORKPLAN “EXHIBIT A”

A. PROGRAM DESCRIPTION

Describe the types of services and activities provided by your agency. In your description, be sure to include the specific program design, as well as any methods and strategies that you feel are specific to the services of your agency.

B. LOGIC MODEL (OBJECTIVES, ACTIVITIES, OUTCOMES, DATA COLLECTION/CONTINUOUS QUALITY IMPROVEMENT)

Please use the following format for expressing your agency’s/program’s work plan. Service Codes should be numerically identified either beside the objective and/or activity. It is important that the service aligns with the correct service code as that is what will be used in the Cost Report to the State. A listing of service codes and Unit Definitions are included in the Resources section of the Contractor Manual.

In accordance with the Division’s Standards and Practices, agencies shall strive to be tobacco-free and shall offer cessation services and support on site or by referral. Agencies will include steps they are taking toward becoming tobacco-free in their annual work scopes.

1. Objective(s). Objectives are the specific, time limited, measurable, action oriented steps dedicated to achieving the outcome.

   Example: Eighty (80%) percent of clients admitted to treatment services will be engaged in treatment, as measured by receiving at least four treatment sessions within 30 days of admission.

   Example: By June 30, 2017, Agency X will provide 200 units of outpatient individual sessions and 540 units to 15 clients. (Service Code 34)
2. **Activity(s).** *Activities* are the specific processes, events and/or actions that are intentionally used to bring about the intended results.

Examples:
- Within 24 hours of admission, connect the client to a counselor or support staff.
- Provide each client with a welcoming orientation, establish clear two-way expectations, and assign a peer buddy.
- On an ongoing basis, identify clients at risk of leaving and barriers to continuation in treatment.
- Within 14 days of admission, establish an individual client-driven treatment plan.
- Offer positive reinforcements for continuing in treatment.

3. **Expected Outcome(s).** *Outcomes* are the specific changes in a communities’ or program participants’ behavior, knowledge, skills, or level of functioning.

Example: Fifty percent (50%) of clients admitted to services will successfully complete their treatment program.

Outcomes for Residential, Non-Residential Services and Narcotic Replacement Therapy must include, at a minimum, anticipated changes in the following seven domains:
1. Medical/Physical Health;
2. Employment/Support Status;
3. Alcohol and/or Other Drugs;
4. Housing;
5. Legal Status/Justice Involvement;
6. Family/Social Status; and
7. Mental Health

In addition, please include projected lengths of stay and successful completion for program participants (i.e. 75% will remain engaged in treatment for at least 90 days).

4. **Data Collection/Continuous Quality Improvement:** Include what data collection instruments/tools (e.g. WITS, Agency MIS, surveys) will be used to measure objectives and outcomes, as well as information on how the data will be used for CQI. For treatment providers – Include information about your agency’s utilization review procedures in this section.

For intervention and treatment providers, objectives must reflect the unit of services necessary to correlate with the State/County Contract process as follows:
- Staff hours for some Secondary Prevention and Ancillary Services;
- Early Intervention Sessions: Minimum of 50 minutes
- Bed days for Transitional Housing; and/or
- Treatment Slots for Narcotic Replacement Therapy.
EXHIBIT A – SCOPE OF WORK FOR PRIMARY PREVENTION PROVIDERS

Goals and Objectives should come directly from the 2015-2020 Continuum of Services Strategic Plan. The Strategic Planning documents can be found at https://www.marinhhhs.org/strategic-planning-2015-2020.

FY 2017/18 Objectives, Outcomes and Activities should be created by contract providers and refer to specific, measurable and time-limited activities and their concrete and measurable outcomes that will take place between July 1, 2017 and June 30, 2018. These sections of the Exhibit A are referenced with the word “PROVIDER” in the requisite columns.

Technical assistance is available from the Prevention Coordinator at (415) 473-4230.

REQUESTING CONTRACT CHANGES TO EXHIBIT A

If significant changes are expected, you must submit a request in writing to the contract manager. You must receive written approval prior to any changes being implemented and/or reimbursed. Significant changes include, but are not limited to:

Scope of Work
- Proposing to re-distribute units of service between existing service codes by more than 20%
- Proposing to add or remove a service modality
- Proposing to transfer substantive programmatic work to a subcontractor
- Proposing to provide any services by telephone or field-based

Contractor shall also report any other key changes per the timelines and processes outlined in applicable Policies and Procedures (www.MarinHHS.org/policies-procedures), including, but not limited to: 1) Staff Updates; 2) Facility alterations/renovations; 3) Unusual occurrences or incidents; 4) Reduction in DMC services; and 5) Not accepting beneficiaries (facility at capacity).
Instructions for Submission of Exhibit B

Excel Budget sheets have been provided in order that specific details of both your composite and program budgets are included. It is imperative that all contractors provide budget details which establish clear audit trails and are consistent and uniform throughout the delivery system. Please use the enclosed templates, which already include the correct formulas, in developing your budget documents.

Please identify each budget page as “Exhibit B”.

**BUDGET DETAIL EXPENDITURES - FOR ALL PROVIDERS (FORM PROVIDED)**

Please make sure to insert the name of the service modality(ies) and service codes being provided under your contract with the Division. Replace the words “Service Modality” in each column with the Name and Service Code number assigned to or chosen by your organization. It is important that the applicable State service code is listed as that it will be used in completing and submitting the Cost Report to the State. Please then fill in Salary, Services & Supplies and Indirect costs that reflect actual projected expenses within each service code area. Please ensure that all budgeted expenditures are identified under each contracted service modality.

Items listed under Facilities, Services and Supplies are only a sample of what may or may not be included at your agency. Please identify all that are appropriate for your agency.
**REVENUE AND EXPENSE SUMMARY (FORM PROVIDED)**

This page includes, at a minimum, Total Expenses and Total Revenues (inclusive of alcohol/drug and all other funding streams, including client fees, private pay and insurance) that are applied to the various programs funded by the County office. This page also includes the total number of contracted units, the unit description (e.g., Staff hour, visit days, bed day, etc.) and both the Gross and Net Unit rates under each contracted service.

To complete this form, enter the total expenses, revenue and funding source breakdown applied to each service modality for the contract. Note that the total expenses must be equal to the total revenue (BHRS contract funds and other funds). Similarly, the totals of the funding source breakdown must also equal the total expenses and revenue.

Then enter the total units of service provided for each service modality.

Unit rates are standardized and should not be rounded. You may add partial units for contracting purposes. However, units must be billed as a whole number unless based on a staff hourly rate.

The gross and unit rates will automatically calculate as these forms contain pre-populated formulas.
Please make sure to fill in the service modalities, service codes (e.g. individual counseling, education, group counseling, etc.) and unit descriptions (e.g. bed day, staff hour, etc.) on all of the forms.

**Prevention Providers:** Please note that if you do not report staff hours, you may leave page 2 blank.

**OVERALL AGENCY BUDGET – FOR ALL PROVIDERS**

Please provide an overall agency budget showing all sources of projected revenue and expenditures within your agency. Demonstrate how the alcohol and drug program revenue(s) fit into the overall agency budget.

**INDIRECT COSTS – FOR ALL PROVIDERS**

Provide your agency’s indirect rate and a detailed description of what is included in calculating the indirect rate. Indirect rates cannot exceed 15% of personnel and direct costs. If your agency has a federally-approved indirect rate, use that rate in your Exhibit B documents and attach a copy of the documentation with your contract renewal materials.

**PROPOSED CONTRACT BUDGET CHANGES – FOR ALL PROVIDERS**

If significant changes are expected, you must submit a request in writing to the contract manager. You must receive written approval prior to any changes being implemented and/or reimbursed. Significant changes include, but are not limited to:

**Budget**
- Proposing to re-distribute more than 20% between budget categories
- Proposing to increase or decrease FTE
- Proposing to increase the contract maximum

Contractor shall also report any other key changes per the timelines and processes outlined in applicable Policies and Procedures (www.MarinHHS.org/policies-procedures), including, but not limited to: 1) Staff Updates; 2) Facility alterations/renovations; 3) Unusual occurrences or incidents; 4) Reduction in DMC services; and 5) Not accepting beneficiaries (facility at capacity).

Assurances Regarding the No Unlawful Use of Drugs or Alcohol

Consistent with the requirements of California Health and Safety Code, Division 10.5, Sections 11999 through 11999.3 (SB 1377), Statutes of 1989, Chapter 1429, and on behalf of ____________________________ (official program name) the undersigned person does hereby assure that:

1. He or she understands the requirements of Section 11999.2 which states:

   (a) Notwithstanding any other provision of law, commencing July 1, 1990, no state funds shall be encumbered by a state agency for allocation to any entity, whether public or private, for a drug or alcohol-related program, unless the drug- or alcohol-related program contains a component that clearly explains in written materials that there shall be no unlawful use of drugs or alcohol. No aspect of a drug- or alcohol-related program shall include any message on the responsible use, if the use is unlawful of drugs or alcohol.

   (b) All aspects of a drug- or alcohol-related program shall be consistent with the "no unlawful use" message, including, but not limited to, program standards, curricula, materials, and teachings. These materials and programs may include information regarding the health hazards of use of illegal drugs and alcohol, concepts promoting the well-being of the whole person, risk reduction, the addictive personality, development of positive concepts consistent with the "no unlawful use" of drugs and alcohol message.

   (c) The "no unlawful use" of drugs and alcohol message contained in drug- or alcohol-related programs shall apply to the use of drugs and alcohol prohibited by law.

   (d) This section does not apply to any programs funded by the state that provides education and prevention outreach to intravenous drug users with AIDS or AIDS-related conditions, or persons at risk of HIV-infection through intravenous drug use.

2. He or she has reviewed those aspects of the program to which Section 11999.2 applies, and

3. Those aspects of the program to which Section 11999.2 applies meet the requirements of Section 11999.2

Certification of Smoking Prohibitions

Company/Organization Name

The grantee named above hereby agrees to comply, and require that any subcontractors comply, with Public Law 103-227, also known as the Pro-Children Act of 1994, which requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, early childhood development services, education, or library services to children under the age of 18 if the services are funded by federal programs either directly or through state or local governments, by federal grant, contract, loan, or loan guarantee.

CERTIFICATION

I, the official named below, hereby swear that I am duly authorized legally to bind the contractor or grant recipient to the above described certification. I am fully aware that this certification, executed on the date below, is made under penalty of perjury under the laws of the State of California.

Contract Compliance Policy

Background
Late, incomplete and incorrect submission of provider billing invoices and reports can have a substantial impact on Contract and County staff time and efficiency. Late, incomplete and incorrect report submissions also can impact County adherence to related local, state and federal requirements in a quality and timely manner.

To ensure compliance with the County contract, effective July 1, 2004, all contracted providers with Behavioral Health and Recovery Services Division (BHRS), will be subject to the terms and conditions of the contract compliance policy set forth below.

Terms and Conditions

▪ All contracted providers must adhere to all reporting requirements, including submission timeline, location and format. All of the necessary information pertaining to the reporting requirements is included in the annual Contractor Manual.
▪ It is the provider’s responsibility to ensure that all documents are received by BHRS in the timeframe, location and format prescribed by the County.
▪ BHRS reserves the right to change submission timelines, locations and formats at any time. Providers will be notified of any changes by e-mail and/or regular mail.
▪ BHRS will utilize contractor compliance from prior fiscal years as a factor in assessing contract renewal and funding allocations for current year contracts.

▪ Failure to comply with any of the reporting requirements will automatically result in a delay of payment for a minimum of one billing cycle. Payments will not resume until all of the reporting and billing requirements are completely and correctly submitted.
▪ Any bills or reporting requirements not settled by the end of the fiscal year may result in non-payment.

Marin County Living Wage Ordinance Declaration

What the Ordinance does. For new, continued, extended or otherwise amended contracts beginning January 1, 2016, the Living Wage Ordinance (LWO) requires County contractors and subcontractors to provide the following to their employees covered by the Ordinance on County contracts and subcontracts for direct services: (1) wages of at least $12.10 per hour with health benefits; or (2) the payment of at least $13.80 per hour if no health benefits are provided.

These rates may be adjusted annually, effective the 1st of each January, to reflect the increase during the preceding year in the Consumer Price Index for all urban consumers in the San Francisco-Oakland-San Jose area, as published in October by the U.S. Department of Labor, Bureau of Labor Statistics. New, continued, extended or otherwise amended contracts are required to incorporate the living wage in effect at the time of the contract change.

The LWO applies only if you have in excess of $25,000 in cumulative annual business with a County department or departments. The County may require contractors to submit reports on the number of employees affected by the LWO, and may require at any time that contractors furnish to the County for services rendered a certification(s), under penalty of perjury, that the contractor and any subcontractor is in full compliance with the provisions of the LWO.

Effect on County of Marin contracting. For contracts and amendments signed on or after January 1, 2017, the LWO has the following effect:
- In each contract, the contractor will agree to abide by the LWO and to provide its employees the minimum benefits the LWO requires, and to require its subcontractors subject to LWO to do the same.
- If a contractor does not provide the LWO's minimum benefits, the County can award a contract to that contractor only if the contract is exempt under the LWO, or if the contract has received an approved waiver. The contract will not contain the agreement to abide by the LWO if there is an exemption or waiver on file.

What this form does. If you can assure the County that, beginning with the first County contract or amendment you receive after January 1, 2016, and until further notice, you will provide the minimum benefit levels specified in the LWO to your covered employees, and will ensure that your subcontractors also subject to the LWO do the same, this will help the County's contracting process.

For more information, (1) see our Website, including the complete text of the ordinance: www.marincounty.org/lwo, (2) e-mail us at: tsmith@marincounty.org, or (3) phone us at (415) 473-6358.

Routing. Return this form to the County department that sent it to you.

DECLARATION
In order to be a certified vendor with the County of Marin, this company will provide, if applicable, the minimum benefit levels specified in the LWO to our Covered Employees, and will ensure that our subcontractors also subject to the LWO do the same, until further notice. I declare under penalty of perjury under the laws of the State of California that the above is true and correct.

MARIN WITS ELECTRONIC SIGNATURE AGREEMENT

This Agreement governs the rights, duties, and responsibilities of County of Marin- Health & Human Services staff and contract providers in the use of an electronic signature in Marin WITS. A Marin Wits is comprised of user’s unique user name, password and pin. The undersigned (I) understands that this Agreement describes my obligations to protect my electronic signature, and to notify appropriate authorities if it is stolen, lost, compromised, unaccounted for, or destroyed. I agree to the following terms and conditions:

I will use my electronic signature to establish my identity and sign electronic documents and forms. I am solely responsible for protecting my electronic signature. If I suspect or discover that my electronic signature has been stolen, lost, used by an unauthorized party, or otherwise compromised, then I will immediately notify the County Behavioral Health and Recovery Services Director or his/her designee and request that my electronic signature be revoked. I will then immediately cease all use of my electronic signature. I agree to keep my electronic signature secret and secure by taking reasonable security measures to prevent it from being lost, modified or otherwise compromised, and to prevent unauthorized disclosure of, access to, or use of it or of any media on which information about it is stored.

I will immediately request that my electronic signature be revoked if I discover or suspect that it has been or is in danger of being lost, disclosed, compromised or subjected to unauthorized use in any way. I understand that I may also request revocation at any time for any other reason.

If I have requested that my electronic signature be revoked, or I am notified that someone has requested that my electronic signature be suspended or revoked, and I suspect or discover that it has been or may be compromised or subjected to unauthorized use in any way, I will immediately cease using my electronic signature. I will also immediately cease using my electronic signature upon termination of employment or termination of this Agreement.

I further agree that, for the purposes of authorizing and authenticating electronic health records, my electronic signature has the full force and effect of a signature affixed by hand to a paper document.

Certification of Compliance with Strategic Prevention Framework

Company/Organization Name

The grantee named above hereby agrees to comply, and require that any subcontractors comply, with Prevention Business Practices, as outlined in the California Department of Alcohol and Drug Program’s Net Negotiated Amount Contract with the County of Marin, and set forth below.

Prevention is defined as strategies, programs and initiatives which reduce both direct and indirect adverse personal, social, health, and economic consequences resulting from problematic alcohol, tobacco, and other drug (ATOD) availability, manufacture, distribution, promotion, sales, and use. The desired result is to promote safe and healthy behaviors and environments for individuals, families, and communities.

Not less than 20 percent of the Substance Abuse Prevention and Treatment (SAPT) Block Grant must be spent on “primary prevention” for individuals who do not require treatment for substance abuse as described in the SAPT Block Grant requirements. Inappropriate use of these funds for non-primary prevention services will require repayment of SAPT Block Grant funds.

Contracts will meet data reporting requirements for capacity, process, and outcome as required by federal grant requirements. The data will use the Institute of Medicine prevention categories of universal, selective, and indicated.

1. Universal prevention strategies address an entire population (national, local community, school, workplace, neighborhood), to prevention or delay ATOD use and/or abuse.

2. Selective prevention strategies address an entire subset of the total population that is at higher risk for ATOD use and/or abuse.

3. Indicated prevention strategies are designed to prevent/delay the onset of and/or reduce severity of substance abuse in individuals who are exhibiting early signs of substance abuse and associated problem behaviors.

Contractor agrees to comply with the following prevention business practices in its prevention activities funded under this Contract, and provide evidence of compliance with these practices if requested by State:
1. **Assessment of Needs with Data**: Through the use of data relevant to specific communities, identify at risk and under-served populations and their environmental risks related to alcohol and other drugs.

2. **Prioritize and Commit to Purpose**: Through local or regional advisory bodies (coalitions), establish prevention priorities for the assessed needs. Provide a sound validation for the selection of priorities; identify the benefits. Provide evidence that identified priorities and desired outcomes are culturally relevant to priority populations.

3. **Determine Outcome Objectives and Measurements**: Establish the desired goal/desired outcome, objectives, and actions using well-defined terms. Determine the “who, what, where, when and how” that will attain these. Specify how prevention actions will be measured to monitor interim and final results.

4. **Proven Prevention Strategies**: Select prevention activities/services based on identified theories or practices supported by evaluation/research evidence that substantiates these actions are, or promise to be, effective for attaining the desired outcome. Select or adapt actions to assure they are culturally relevant to the intended populations and communities.

5. **Evaluate Measured Results and Improve**: Use goal and objective measurements to assess steps toward achieving the desired outcome as well as the final results. Apply this data to continuously refine, strengthen, and sustain the prevention effects.

**CERTIFICATION**

I, the official named below, hereby swear that I am duly authorized legally to bind the contractor or grant recipient to the above described certification. I am fully aware that this certification, executed on the date below, is made under penalty of perjury under the laws of the State of California.
