I. BACKGROUND

A. Department of Health and Human Services Strategic Plan to Achieve Health and Wellness Equity

In 2018, Marin County Health and Human Services (HHS) launched a strategic plan to achieve health and wellness equity in Marin. While income, education, and other socioeconomic and cultural factors play key roles in shaping outcomes in our communities, the direct effects of racism – whether covert or overt, intentional or unintentional, systemic or individual – must be acknowledged and addressed to achieve equity. Research demonstrates independent associations of racial discrimination on driving inequities, including downward mobility.

Central to our efforts on leading with race to achieve equity is treating clients respectfully and with cultural humility. HHS commits to systematically expanding this work throughout the Department and to supporting contracted service providers to do the same. By deepening our understanding of how individuals experience accessing and receiving services, and understanding how services result in outcomes by race and ethnicity, HHS and contracted service providers can identify opportunities to improve service delivery.

HHS recognizes that leading with race to achieve health and wellness equity requires working with our partners in new ways. These collaborations will amplify efforts on leading with race to advance health and wellness equity by aligning and coordinating work, accomplishing more than HHS or any other single organization could do alone.

To achieve these goals, we must work differently across sectors. New and non-traditional partnerships can help remove barriers to opportunity and direct resources toward evidence-based efforts that address historic inequities.

This RFP seeks bids that demonstrate efforts to promote racial equity in providing the proposed services. To learn more about the HHS Strategic Plan to Achieve Health and Wellness Equity, visit: MarinHHS.org/Equity-Plan

II. PROJECT DESCRIPTION AND EXPECTATIONS

A. Project Period

The contract award will be made on a competitive bid basis. The anticipated initial contract period is 5 years with an anticipated start date of approximately December 1, 2023. The County reserves the right to: (a) increase or decrease the contract amount; (b) fund the proposed service in whole or in part; or (c) terminate or extend the program/contract based on funding availability.

Note, this RFP is more than a year in advance of the anticipated start date of the contract in order to facilitate planning with the developer.

B. Available Funding

Bidders shall propose a budget that meets the programmatic needs outlined below and ensures sufficient wages for direct care staff doing this critical work.

C. Eligible Applicants

Any nonprofit (501c3) or public service agency, including government agency, legally entitled to provide services in Marin County may apply.

D. Target Population

Adults experiencing serious mental illness who have also experienced chronic homelessness. These individuals will either be newly housed at this site or transitioning from a different supportive housing site.

E. Program Description

This RFP is for one service provider to provide client-centered and culturally responsive supportive services for a Housing First model Permanent Supportive Housing site with 40 resident units located at 3301 Kerner Blvd in San Rafael opening in Winter 2023/24. For planning purposes and tax credit applications it is important to select the supportive services partner in advance and they can have a role in helping shape this project.

This Supportive Services Provider will provide housing case management services and will work closely with a team, including County Behavioral Health and Recovery Services (BHRS) staff, who will provide specialty mental health services (such as Psychiatry, mental health rehabilitation, and peer support), and a property management contractor, Eden Housing, which will include a full-time "Community Manager" position who oversees leases, maintenance staff, and other property management duties. Eden Housing is also potentially interested in contracting directly (separate from this RFP) with the selected Supportive Services Provider to provide the Resident Service Coordinator role, which will be responsible for planning community events, ensuring the required hours of education are provided, preparing a newsletter, hosting holiday parties, and arranging food distribution, and other similar activities.

Through this contract, the Supportive Services Provider will be responsible for providing evidence-based housing case management and housing retention services to all residents, including making linkages to necessary services and supports based on identified client need. Supportive Services provider staff will also work with all residents to maintain a cooperative social atmosphere.

Communication and collaboration are crucial as there will be many different partners involved in this project from the supportive services contractor, property management team, Eden Housing, and BHRS—collaborative team meetings and responsiveness and open communication are critical while also understanding confidentiality and privacy requirements and limitations.

F. Intended Outcomes and Measurement Tools

Intended outcomes include:

- Increased quality of life
- Increased income (e.g. benefits or employment)
- Increased housing retention (minimum of 85% retaining housing for at least 6 months)
- Improved utilization of services including primary healthcare and dental care (55% of clients will have a visit with a primary care provider within 30 days)

G. Reporting and Performance Requirements

There will be significant reporting requirements to document in the HUD Homeless Management Information System (HMIS) as well as other case collaboration systems with Behavioral Health and Recovery Services.

Annual contract outcome reports that include tracking and evaluating client outcomes and progress including disaggregation by race to ensure outcomes are being felt equitably by clients of all races. If disparities exist, an action plan should be included in the annual report on what changes the program proposes to make in the following year to reduce these disparities.

Cost reporting on an annual basis will also be required.

III. REQUIREMENTS AND EXPECTATIONS FOR GRANTEEES

If you are an organization that does not meet these requirements independently, consider partnering with an organization that does.

VII. APPLICATION REVIEW AND SELECTION PROCESS

A. Application Review and Selection

HHS staff will conduct an initial technical review to ensure that the format requirements outlined in this RFP have been fulfilled. If any of the material format or substantive requirements is missing or incorrect, the application may be disqualified.

All applications that pass the initial technical review will be submitted to an Application review committee that shall evaluate and rank the applications. The committee will be comprised of parties knowledgeable about the

services sought by this RFP from diverse backgrounds, **including persons with lived experience from the target population of this RFP**, representatives from other county departments, representatives from local advisory boards or community based organizations, and/or any other individuals that HHS deems capable and appropriate for the selection of potential providers. The committee shall not include any potential contractors, and no committee member may apply or assist others in applying for this contract.

The purpose of the evaluation is to determine which applicants demonstrate the skills, expertise and experience to successfully perform the tasks specified in the RFP. Each committee member will read and score each application using a standardized scoring instrument. The scoring instrument will reflect the requirements of the RFP. The County reserves the right to seek clarifying or additional information from applicants, potentially including site visits or agency interviews.

The committee will make an award recommendation to the Director of Behavioral Health and Recovery Services or the Director of Health and Human Services, or designee, who will make the final recommendation to the Marin County Board of Supervisors or County Administrator.

Prior to making an award, the County may choose to conduct interviews with applicants. The purpose of the interviews would be to ask follow-up questions that may arise from the review committee and collect any additional information not gleaned from the Applications. The County may also request additional information necessary to determine the applicant's financial stability, ability to perform on schedule or willingness to incorporate additional features in the application, and any other relevant information necessary to make the award.

Once a decision is made, a Notice of Intent to Award will be emailed to all applicants evaluated by the committee.

B. Protest Procedure

If there is more than one applicant than a protest period will be held. Within five calendar days of the issuance of a notice of intent to award the contract, any Applicant that has submitted a proposal may submit a written notice of protest. The protest must be signed by an individual authorized to represent the Applicant, and must cite the law, rule, local ordinance, procedure or RFP provision on which the protest is based. In addition, the Applicant must specify facts and evidence sufficient for the County to determine the validity of the protest.

Delivery of Protest:

All protests must be submitted in writing and received by 3pm PST on Monday, March 30, 2022 by email to Dr. Jei Africa, JAfrica@MarinCounty.org

The protest will be forwarded, through the appropriate administrative channels, to the Director of the Marin County Department of Health and Human Services, or designee. The Department Director or designee may review the original RFP Application(s), the public notice, the Request for Application document, and the scoring instruments of the Application review committee, and any other document deemed appropriate. The Department Director or designee will provide a written response to the protest, including any action that will be taken, if applicable. The decision of the Department Director or designee shall be final.

C. Post Award

Once the Public Announcement of the Notice of Intent to Award has been issued, the provider selected will be contacted to execute the County's Standard Professional Services Contract. At that time, the selected provider and the County may discuss adjustments to the budget and the scope of work. **No other provisions of the County's Standard Professional Services Contract will be negotiated.** Refer to Attachment C for a copy of the County's Standard Professional Services Contract.

The applicant grantee awarded a contract under this bid process will be required to adhere to the reporting requirements set forth by HHS, as well as to provide any additional data needed to satisfy other County, state, or federal reporting requirements.

For the duration of the contract period, contract renewals are contingent upon the demonstration of progress in achieving measurable results to the County's satisfaction and compliance with all contract requirements, as well as the continued availability of contract project funding.

Award of a contract under this process does not preclude the County from conducting another RFP process for these services at a future date.
