## I. BACKGROUND

### The Mental Health Student Services Act (MHSSA)

The Mental Health Student Services Act (MHSSA) is a competitive state grant program established in 2019 to fund partnerships between county behavioral health departments and local education entities for the purpose of increasing access to mental health services in locations that are easily accessible to students and their families. The grants awarded are to be used to provide support services that include, at a minimum, services provided on school campuses, suicide prevention services, drop-out prevention services, placement assistance and service plans for students in need of ongoing services, and outreach to high-risk youth, including foster youth, youth who identify as LGBTQ+, and youth who have been expelled or suspended from school. Counties designated as “medium-sized” counties, such as Marin, were eligible to receive up to \$4,000,000 over four years. Marin applied for and was awarded the MHSSA grant in early 2021, to be implemented starting on 8/1/2021. (An additional \$1,000,000 was requested and award in early 2022, to raise the total award amount to \$5,000,000 for the four grant years).

The Marin County Office of Education earmarked the \$5,000,000 award for the two largest school districts in the county, by enrollment, the San Rafael City Schools (SRCS) district and the Novato Unified School District (NUSD). These are also the two districts with the highest concentration of Medi-Cal eligible students. The San Rafael and Novato school districts then built program plans and budgets for this funding to best support their most vulnerable students, these plans were approved in July of 2021.

Both districts have utilized this funding to build and augment their school wellness culture, which has centered on the utilization of Health and Wellness Coordinators. Health and Wellness Coordinators in both districts work collaboratively with existing resources and programs to strengthen the natural communities of wellness supports, including peer support/peer training, parent support/parent training, and collaborations with after school programs and community-based youth serving agencies. The Health and Wellness Coordinators also set up collaborative, multi-disciplinary teams at each school to ensure that students and families are linked to appropriate mental health resources and interventions in a timely basis. In the Novato Unified School District this team has included Registered Behavior Technicians (RBTs) and one Wellness Hub Navigator (WHN), all funded by the MHSSA grant. San Rafael City Schools has utilized their MHSSA funding for Health and Wellness Coordinators and wellness liaisons who help connect students with on-site services.

**COMMUNITY BENEFIT:** These services are crucial to prevention and early intervention of student mental health challenges. Through early interventions and effective health and wellness coordination in schools, some of these mental health challenges can be prevented, and the negative impacts can be reduced. Identifying students who are at risk and intervening in effective ways using promising and evidence-based practices can have a dramatically positive impact. Preventing and intervening early can also prevent long-term suffering and higher cost services in the future.

**EQUITY IMPACT:**

The overarching goal of this program is to improve school-based health and wellness supports for all students, with a particular emphasis on students from traditionally underserved populations. This includes students living in poverty, impacted by historical forces such as structural racism, for whom

English is a second language and students who are refugees/new immigrants (newcomers).

**Strategies include:**

- 1. Hiring Diverse Staff:** Because our intention is to bring resources to the most under-resourced students and families and to improve/increase equity and inclusion in our county, a priority of this program is hiring staff from diverse backgrounds, who are bi-lingual and are representative of the population being served.
- 2. Increase Timely Access to Services:** Grant funds are being used to improve timely access to services for populations who have historically encountered barriers to access. The District Wellness Coordinators under this grant provide training for district and school staff on protocols on the referral process. Data is collected and analyzed on the time it takes between identification, referral and linkages to services, to be used for monitoring the timeliness of the response. This system of prevention and of early identification provides teachers and staff at our schools with resources and procedures to help connect students and families to services. Teachers are often the first adults to observe behavior that indicates a student needs help, and grant funds will be used to provide them with training on what actions they can take and how to make the linkages to resources.
- 3. Culturally relevant supports:** A project priority is to ensure mental health service providers are culturally and linguistically responsive and can engage students and families in services and develop a relationship of trust. This work includes training both teachers and providers in culturally appropriate responses to problematic behavior, strengthening relationships between students and teachers, and between school districts and community-based providers.
- 4. Peer Support:** District Wellness Coordinators generally oversee the peer wellness programs. Peers help facilitate timely access to services and play a critical role in encouraging students to seek help, and in facilitating timely access.
- 5. Focus on Newcomers:** The Wellness Coordinators also serve as the access point for Newcomer students and Newcomer specific services.
- 6. Equity focus in implementation and evaluation:** This program will engage underrepresented and underserved youth in Marin County through schools, trusted community-based organizations, and equity focused stakeholder groups. Marin County youth from underserved groups will be central to the program implementation, evaluation design and rollout.

Only one proposal may be submitted from a single bidder. Collaborative proposals that show a strong inter- agency partnership to develop a robust program that does not lead to duplicative or fragmented services are highly desirable.

When preparing a proposal in response to this request, please:

- Carefully read the entire RFP document before you start, and make sure that all procedures and requirements of the RFP are accurately followed and addressed.
- Review answers to questions posted by bidders, as noticed in this document.
- Carefully review the entire Request for Proposals prior to submittal and

- make sure everything has been completed as instructed.
- Submit a complete proposal by the required deadline

### A. Application Review and Selection

HHS staff will conduct an initial technical review to ensure that the format requirements outlined in this RFP have been fulfilled. If any of the material format or substantive requirements is missing or incorrect, the application may be disqualified.

All applications that pass the initial technical review will be submitted to an Application review committee that shall evaluate and rank the applications. The committee will be comprised of parties knowledgeable about the services sought by this RFP from diverse backgrounds, **including persons with lived experience from the target population of this RFP**, representatives from other county departments, representatives from local advisory boards or community-based organizations, and/or any other individuals that HHS deems capable and appropriate for the selection of potential providers. The committee shall not include any potential contractors, and no committee member may apply or assist others in applying for this contract.

The County reserves the right to seek clarifying or additional information from applicants, potentially including site visits or agency interviews.

The committee will make an award recommendation to the Director of Behavioral Health and Recovery Services or the Director of Health and Human Services, or designee, who will make the final recommendation to the Marin County Board of Supervisors or County Administrator.

Prior to making an award, the County may choose to conduct interviews with applicants. The purpose of the interviews would be to ask follow-up questions that may arise from the review committee and collect any additional information not

gleaned from the Applications. The County may also request additional information necessary to determine the applicant's financial stability, ability to perform on schedule or willingness to incorporate additional features in the application, and any other relevant information necessary to make the award.

Errors and Omissions, Professional Liability or Malpractice Insurance.

The insurer shall supply County adequate proof of insurance and/or a certificate of insurance evidencing coverages and limits prior to commencement of work. Should any of the required insurance policies in this Contract be cancelled or non-renewed, it is the Contractor's duty to notify the County immediately upon receipt of the notice of cancellation or non-renewal.

If Contractor does not carry a required insurance coverage and/or does not meet the required limits, the coverage limits and deductibles shall be set forth on a waiver, **Exhibit C**, attached hereto.

Failure to provide and maintain the insurance required by this Contract will constitute a material breach of this Contract. In addition to any other available remedies, County may suspend payment to the Contractor for any services provided during any time that insurance was not in effect and until such time as the Contractor provides adequate evidence that Contractor has obtained the required coverage.

The Contractor shall not subcontract nor assign any portion of the work required by this Contract without prior written approval of the County except for any subcontract work identified herein. If Contractor hires a subcontractor under this Contract, Contractor shall require subcontractor to provide and maintain insurance coverage(s) identical to what is required of Contractor under this Contract and shall require subcontractor to name Contractor and County of Marin as an additional insured under this Contract for general liability. It shall be Contractor's responsibility to collect and maintain current evidence of insurance provided by its subcontractors and shall forward to the County evidence of same.

cease.

Where the funding source for this Contract is contingent upon an annual appropriation or grant from the Marin County Board of Supervisors, the State of California or other third party, County's performance and obligation to pay under this Contract is limited by the availability of those funds. **15. RELATIONSHIP BETWEEN THE PARTIES:**

It is expressly understood that in the performance of the services herein, the Contractor, and the agents and employees thereof, shall act in an independent capacity and as an independent Contractor and not as officers, employees or agents of the County.
